

DON'T MAKE THESE COMMON MISTAKES! PAY ATTENTION TO THE MANUAL DURING INSTALLATION!

HERBIE CLIP INSTALLED FACING WRONG WAY

CAUSE: Herbie Clip is not installed facing the right way

PROBLEM: Rope will not clear the Herbie Clip properly

FIX: Remove and reinstall the Herbie Clip facing vertically not outward

ROPE SECURED INCORRECTLY AND/OR TOO LONG

CAUSE: Rope is stored incorrectly and possibly too long

PROBLEM: Rope is not secured properly and may interfere with rope halyard and other tower elements

FIX: Make sure the rope was cut to the proper length and store it according to the manual

BLOCK 2 TO CLOSE TOO BLOCK 3 (<1.5")

CAUSE: WindBand is too long

PROBLEM: WindBand won't secure the shrouds properly

FIX: Shorten the WindBand tubing per the manual so that when the tubing is level and fully tightened Block 2 is no closer than 1.5" from Block 3.
